

# Slitter Knife

Slitter knife manufacturer TOA DR Taiwan

TOA DR slitter knife can slit CRGO,  
SUS, SPCC with high quality.

The quality of both hardness and precision are strictly controlled,  
Allowing thickness tolerance within  $\pm 0.001$  mm (  $\pm 0.00004$  inches )  
and Parallelism within 0.005mm.

The knives are suitable for high-speed cutting of various metals  
and Non-iron metals, for example, cold/hot rolled steel,  
Galvanized steel, aluminum, copper alloy,  
Stainless steel, titanium coils,  
and Electrical steel coils - CRGO and CRNGO.
